

Poplar Street Primary School

School Sports Premium

Statement of Intention

Introduction

In September 2013, the government introduced additional funding to all primary schools to improve the provision of physical education (PE) and sport in primary schools.

Position at September 2016

Poplar Street Primary School is a large school based in Audenshaw, Manchester. The school motto is 'Working Together – Aiming High'. There are 437 children on roll. There are currently 343 children within Key Stage 1 and 2. The large number of children poses a number of issues regarding the delivery of PE and Sport, particularly due to lack of space. This has an impact on timetabling and the teaching of PE, as there is only one hall and 14 classes requiring this space throughout the week.

Delivery of the PE Curriculum

PE for all classes in Key Stage 1, 2 and Reception are delivered by a sports coach. This year, Sports Premium money has enabled us to refurbish and purchase outdoor equipment for Foundation Stage, to enhance their physical development.

Curriculum coverage is monitored and adapted annually where necessary. Teaching, Learning and Assessment is overseen by the Headteacher and PE Co-ordinator.

Tameside School Sports Partnership

Poplar Street is a member of Tameside School Sports Partnership. The partnership is a number of Tameside Schools who work together to create better sporting outcomes for all of our children.

Being a member of the partnership, allows us additional benefits:

- Regular and purposeful meetings and training for the PE Co-ordinator.
- Free entry to all School Games competitions and KS1 FutureStars festivals.
- Free online fitness tools for all children to access
- Monitoring support and guidance against Sainsburys School Games Kitemark criteria and Ofsted criteria

School Games

Poplar Street enters almost all School Games competitions. The School Games are made up of a four-tiered competition route that provides a pathway for young people to progress and develop in various sports.

Level 1 – Intra-school competition. After a block of curriculum PE, the children from each class compete against each other. Poplar Street also has a daily coach who runs competitive sports throughout lunchtime for those children wishing to participate.

Level 2 - Inter-school competition. Inter-school competition at Poplar Street is primarily targeted at children in Key Stage 2. The children will play at cluster level (see below) and at Tameside School Games competitions. A second or third place win allows the school entry to the School Games summer/winter festivals.

Level 3 - Sainsbury's School Games Festival. Teams and individuals competing at Level 2 will win the opportunity to compete in this event if they qualify via Level 2 Sainsbury's School Games league or competitions in their districts. With the increase in extra-curricular activities at Poplar Street, our aim is to participate in at least one Level 3 festival.

Audenshaw Cluster Partnership

One of the current barriers created by the introduction of the School Sports Premium is that Poplar Street feeds into three different secondary schools, all offering various packages at varying costs. Poplar Street continues to have a Service Level Agreement (SLA) with Audenshaw High School. This partnership allows us to compete at a more local level with other primary schools in the area (outside of the School Games timetable). The primary objective of the SLA is to build sustainability between primary and secondary sports as well as other curriculum subjects. We have built up good

relationships with the school and our partnership continues to grow. There is a healthy cluster competition timetable in place. All Level 1 cluster competitions have been set one week in advance of any Level 2 competitions.

Extra-curricular Sports

Poplar Street offers a wide variety of extra-curricular clubs both before and after school. Money from the Sports Premium has allowed us to identify and target specific children and broaden our sporting activities for more children.

Again this year, we have specifically targeted younger children within school and continued with a Key Stage 1 club. We anticipate that this early intervention will encourage children to learn and master new skills, whilst fostering a love for exercise and competition at an earlier age.

Ju Jitsui is becoming increasingly popular, with children now attaining their third/fourth belts. Cross-country runs over the winter months with children giving up their Saturdays to compete in the local area. Football sessions run twice a week, with one session being a girls-only club. We run lunch-time football, encouraging all children to participate. Gym-fit is now a regular fixture, which is extremely popular and well attended. Finally, we have a gymnastics club which runs weekly.

2016-2017					
Day	Time	Club	Cost	Run By	Year Group
Mon-Thurs	12.15-1.00	Various	Free	Sports Coach	1-6
Monday	3.15-4.15	GymFit	Free	Sports Coach	1&2
Tuesday	3.15-4.15	Cross Country	Free	Staff	3,4,5,6
Tuesday	3.15-4.30	Boys/Girls Football	Free	Sports Coach/Mr Murphy	5,6 (Boys) 3-6 (Girls)
Tuesday	3.15-4.30	Ju Jitsui	Paid	Cobra Kai	Years R to Year 6
Wednesday	3.15-4.30	BoxFit	Free	Sports Coach	3,4,5,6
Thursday	3.15-4.30	Gymnastics	Paid	Gym Tastics	1-6
Friday	3.15-4.45	Football	Paid	Junior Sports Stars	Reception to Year 6

How will Sports Premium money impact on children at Poplar Street?

Poplar Street Primary School is fully committed to offering high quality PE and school sports provision. Below is a list of our actions and intended outcomes. A short case study has been produced for each of the areas over the last year, to ascertain the impact the Sports Premium money has had.

2015-2016

Action	Intended Outcome	Actual Outcome
Cardiovascular fitness and stamina will be taught at the start of each PE session. Marathon line to continue at lunch.	The general fitness of children throughout school will be improved, with increased participation and activity	Children's fitness has generally improved. Continue into the next academic year.
Purchase table tennis, lacrosse and hockey equipment	Hand-eye co-ordination will be significantly improved. Participation increased.	Equipment purchased. General improvements. Continue into the next academic year.
Equipment for Outdoor and Adventure Activities will be purchased (where necessary) and introduced into the curriculum	Team building and development activities for classes will encourage better performing teams and improved SMSC outcomes for pupils. Improved 'Heads' and 'Hearts' outcomes. Limited number of behavioural issues during lessons.	Equipment purchased. Heads, Hearts, Hands embedded into the curriculum.
Subsidised Intensive swimming programme for non-swimmers/weak swimmers	All children will achieve a minimum of 25m	Difficulties around children missing curriculum time. However, we successfully purchased family swimming passes for all children in school.
Where applicable, subsidise additional costs to parents whose children attend a 'paid' club	School will have subsidised sessions/clothing/insurance where a need is identified, allowing more children to attend	Subsidies completed where necessary.
Provide training to ensure Play Leaders/Change for Life clubs are implemented within school	The number of Play Leaders will increase. Member of staff trained in order to lead the initiative.	Training provided. Change for Life club targeted specific children. Very well received and well attended. Play Leaders to be introduced 2016-2017.
Purchase additional sport specific iPads	Children will be able to enhance their evaluations ('heads') more effectively	Money reallocated to EYFS outside provision
Explore the purchase of Global Games package	Cross curricular links to foundation subjects and SMSC will be improved, piloted and implemented ready for the 2016-2017 curriculum.	Money to be reallocated to outside provision. See 2016/2017 action plan.
Explore the possibility of an outside covered area	More outside PE lessons will be accessible (freeing up hall space)	Money reallocated to EYFS outside provision.

2016-2017

Action	Intended Outcome	Actual Outcome
Cardiovascular fitness and stamina will be taught at the start of each PE session. Marathon line to continue at lunch.	The general fitness of children throughout school will continue to be improved, with increased participation and activity	
Much needed expansion of outside provision needed across EYFS, KS1 & KS2 playgrounds.	Charity funding bids will be successfully completed and be added to ring-fenced Sports Premium to create a new and enhanced outdoor playground for all children
